## CIRCUIT COURT CONVENED LAST MONDAY

Special Judge L. P. Little, of Owensboro, Presiding--Grand and Petit Jury Impaneled---Very Important Session.

### JUDGE Gordon ILL AT HIS HOME IN MADISONVILLE

Circuit Court convened Monday with Judge L. P. Little, of Owensboro, presiding.

The forenoon was consumed in organization and the impanelling and instructing the grand jury. The afternoon was devoted to the reading of the docket and the setting of the cases.

Judge Little did not devote much time in his instructions to the grand jury and yet what he said was plain and to the point. Particular emphasis was placed on the carrying concealed weapons. He said, in most cases where the violators were fined and imprisoned they were usually given the lowest instead of the highest fine.

The grand jury is composed of twelve good men. They are:

C. R. Newcom, foreman, Jim McConnell, H. C. Farmer, Albert Lucas, J. R. Martel, C. M. Clift, George L. Rankin, Jim Manus, W. H. Teer, S. M. Weldon, Claude Gill and Ira Bradburn.

The following are the petty jury: T. A. Rankin, Cecil Rankin, Ellis Ralston, H. O. Hill, Harris R. Austin, Geo. W. Davis, H. S. Driver, W. B. Binkley, W. J. McChesney, A. J. Pickens, W. E. Minner, R. L. Nickols, Jim Pickens, J. C. Alexander, R. H. Kemp, W. L.

#### Denton-Mitchell.

Mr. Leonard Mitchell and Miss Lessie Denton were married on Monday evening at 2 o'clock in the parlors of the Gill House, by Rev. J. B. Adames.

Both of the contracting parties are prominent young people of Hampton, Livingston county. They were a handsome couple who we feel, took the sacred vows with the determination to live up to them.

Those witnessing the beautiful ceremony were: T. H. Cochran, N. E. Calmes, E. J. Hayward, Sam Gingenheim and Mr. and Mrs. Gill. May they live a long, prosperous and happy life.

Clement, Hugh McConnell, E. H. Lott, W. L. Taylor, Burnett Williams, Ed Robinson, J. F. Brasher, Percy Brasher and C. W. Bryant.

Notwithstanding the down-pour of rain there were a good many people in town. The bar was well represented and all present, including John L. Grayot, of Smithland, our re-elected Commonwealth's Attorney.

The docket is larger this term than for some time and will likely take the entire term to dispose of it.

The criminal part of it, however, is very light.

The absence of Judge Gordon on account of sickness is deplored by all, but ere the next term it is hoped he will be sufficiently recovered to preside. He has many friends here who are sincerely anxious for his early recovery, who will extend to him an old time welcome when he comes to Marion again.

The attorneys present were:—James & James, Blue & Nunn, Moore & Moore, Hon. W. J. Deboe, A. C. Moore, Carl Henderson, J. G. Rochester, W. A. Blackburn, J. B. Kevil, R. L. Moore, A. F. Davidson and Hon. Jno. L. Grayot. Visiting attorney, were Clay & Clay, of Henderson.

### IDA M. TARBELL

Remarkable Historian and Writer

One of the greatest living historians is a woman—Ida M. Tarbell, who evolved from a chaos of facts and figures a clear, orderly, concise and consecutive history of, perhaps, the greatest business organization in the world. With the sure instinct of the true historian, she gathered the vital facts in the rise of this great institution and presented them in their true relation with conscientious loyalty to truth, with courage in stating boldly her findings, and with an absence of prejudice that is rare, indeed, in writing on such a theme. The work is more than a mere history of an industry; it is the biography of a genius in organization and the vivification of a typical Trust combined in one masterly work—"The History of the Standard Oil Company." This is but one of the splendid pieces of literature to the credit of Miss Tarbell.

Miss Tarbell was born and brought up in the oil regions of Erie county, Pennsylvania, and after graduating from Allegheny College, at Meadville, had to face the problem of self-support. After a period of teaching in Ohio, she assumed the position of associate editor of "The Chautauquan," and later became its managing editor. She saw that editorial work and original creation cannot properly be driven abroad, so gently cutting the reins of editorial duties, went to Paris to study the French method of historical research. Here for three years, while studying she supported herself by her writings.

An article on Alphonse, who carried out the improvements in beautifying Paris, led to an interview with S. S. McClure, who was so charmed with her work that he rushed in for a five minute talk in her little den on the fifth floor of the house where she lived; he stayed two hours, and, as Miss Tarbell says, they both talked at once all the time. A cable invitation for her to write a history of Napoleon brought her back to America shortly after, and her literary success really began.

Her splendid life of Lincoln represented five solid years in the collection of material, and she went from Kentucky to Indiana, from there to Illinois, and then to Washington, interviewing men who had known him, digging into files of old newspapers, records, reports and documents, and visiting out-of-the-way places that might furnish a single grain of new illumination on his character or life-work. It was the same spirit of conscientious care in details that made her travel from New York to Cleveland merely to see for a few moments John D. Rockefeller as he appeared in a Sunday School environment. Miss Tarbell's latest work on the "Tariff in Our Times" is a line of effort that seems destined to wield a great influence on the future history of our nation.

and the understanding also. Prayers were earnest and full of faith. Other demonstrations worked harmoniously with the Baptist, and the Altar would be full of penitents pleading for mercy. It certainly was, as was frequently sung "Old time religion."

A pentecostal shower. Some were like the great Apostle Paul, "whether in the body or out of the body, I can not tell." Many shouted and praised God. Some had become careless and indifferent, had the joys of salvation restored. There were at least sixteen happily converted. Sixteen joined the church, however only six of this number professed during the meeting. No writer has the power of thought or words to express the result of a good meeting. When the worth of a soul and the power of influence are considered, only eternity can tell. For, "one can chase a thousand and two put ten thousand to flight."

The third Sunday of the meeting, Nov. 7th, at 10 o'clock, in the presence of a large concourse of people, the pastor still desirous of doing his Master's will, and carrying out his command, regardless of failing eyesight, hurried eleven beneath the liquid wave to rise to walk in newness of life.

There were thoughts of breaking the meeting that night. How could they? when the house was packed to overflowing and the Altar full of sinners crying for mercy. It was agreed to give the following Monday to rest and get ready for a further waiting before the Lord. The weather became inclement. Monday night was rainy; nevertheless a good service was rendered by a faithful few. A glorious service on Tuesday. The weather still inclement, nights dark, it was agreed to close the meeting. On Tuesday night, three weeks from the night it began, services ceased; but the writer trusts the revival will continue in

the hearts of God's people, until He says, "its enough, come up higher." The day following, at 10 o'clock, at the same place, five were baptized. May every soul that attended these services meet around the great white throne to part no more, is the desire of a lover of Jesus.

Prayer meeting every Wednesday night at Repton church. Everybody cordially invited.

#### Meeting of The Musical Club.

The Musical Club was very delightfully entertained by Mrs. Levi Cook, Saturday afternoon, Nov. 13th.

The subject for discussion was the life of Nevin and the following program was rendered.

Instrumental solo: "Narcissus"—Mrs. W. O. Tucker.

Instrumental solo: "Alb"—Miss Allie Mae Yates.

Vocal duet: "Garden of Dreams"—Misses Driskill and Sutherland.

Instrumental solo: "Good Night"—Miss Ida Price.

"Life of Nevin"—Mrs. W. V. Haynes.

Miss Willett very interestingly told the myth of "Narcissus."

A contest of the different composers added great interest to the program.

Delicious refreshments of cream and cake were served. And the decorations of pink and white crysanthemums were very beautiful.

Besides the members of the Club, the following visitors were present: Mesdames J. H. Orme, W. A. Blackburn, C. E. Weldon, Alvis Stephens, W. D. Baird, Jack Lawson. Misses Margaret Moore, Gray, Barnes, Carter, Bernice Driskill.

The afternoon was very enjoyable to all present and Mrs. Cook proved herself a charming hostess.

The Club's next meeting will be held at the home of Miss Nellie Sutherland Saturday afternoon, Dec.

## 385 MINERS PERISH IN CHERRY, ILL.

Among the Missing are Many Americans---Majority are Foreign Born

Cherry, Ill., Nov. 15.—Many people gathered at Cherry Monday morning to witness the early morning efforts to rescue the miners imprisoned in the coal mine as a result of Saturday evening's fire.

The officials of the mine, haggard and nervous, were still the hardest working men of the rescuers and none of them had stopped for sleep since the accident happened.

A rescuing party that came up about noon Monday stated that there was little chance of the rescuing any of the miners.

They found no bodies near the entrance.

There are numerous caverns and the mine is in bad shape.

Everything seems to be against the miners and there is practically no oxygen in the mine so that there is little chance that many of the miners have survived.

The list of the missing men was compiled yesterday in the offices of the mining company and it reached a total of 385, including the dead bodies taken from the burning cages Saturday afternoon. One hundred and seventy men who entered the

mines Saturday morning have been accounted for. The company had scores of tracers at work yesterday rounding up the employees and at nightfall the officials admitted that the number of men imprisoned was greater than at first believed to be possible.

Among the missing are many Americans who have lived for years and reared their families in Illinois. Though a majority of the miners are foreign born, yet all had their homes here or in surrounding towns.

Cherry today was the scene for thousands of persons and before noon the St. Paul mine was surrounded by an almost uncontrollable mob. A number of deputies were sworn in to handle the crowd. Trains from near by towns were run into the stricken village. Each train was packed, some attracted by curiosity and others by a craving for news from some loved one. Fathers whose sons were in the mines wept as others escorted them from the entrances to the shafts where preparations were being made with all possible haste to rescue them if possible.

King; Marion Mereweather, Jack's wife, Miss Lena Holtzclaw, Mrs. Constance Cameron, running away from an unknown lover, Miss Willett. ## HOW CARNEGIE AND HILL MADE MILLIONS.

From Manufacturers' Record November Fourth, 1909.

Andrew Carnegie and James J. Hill have probably made more money by skillful advertising than any other men in America. In the line of shrewd advertising, as well as in knowing how to accumulate millions, they are experts of the highest order. For years Mr. Carnegie kept himself and the Carnegie Company before the public so effectively that the American people believed that he all odds his concern was far and away the greatest in the country. Very few knew that at the time the Steel Corporation was formed another iron and steel company in Pittsburgh had an output almost as great as Carnegie's. The world knew all about the Carnegie Company, but it didn't know others.

Carnegie capitalized his reputation and sold the Steel Corporation for two or three hundred million dollars more than he could have had by the

for years known and practiced the art of the wisest possible publicity. The Steel Corporation's issue of securities, based in part on the ownership of the Carnegie plant, had less water than many have supposed. It was merely the turning into securities of the tremendous asset of the world-wide reputation of the Carnegie Company, and Mr. Carnegie thus capitalized and sold for some hundreds of millions the publicity work which he had carried on for years. This was equalled only by Mr. James J. Hill when he was getting ready to sell his iron-ore properties in the Lake region. For several years Mr. Hill never lost an opportunity to keep before the public the increasing value of iron ore and the vast quantity which he owned in the Lake region. There were many suggestions of the fact that these could not be duplicated at any price, and that they would be very cheap at a dollar a ton to the ground, as they might furnish the basis for some independent steel company. Nobody knew much about these properties, but the public had come to believe that they were so much a part of the Carnegie Company that they were necessary to the existence of the Steel Corporation.

When the Steel Corporation decided to make the purchase of these properties on the basis of about \$1 per ton in the ground, thus assuming an obligation of probably \$500,000,000, it was regarded as a master stroke by the general public, who knew nothing in the world about ores or about these particular ore properties. Like Carnegie, Mr. Hill had capitalized his publicity work to the extent of several hundred million dollars. The Steel Corporation could never have been floated without taking in the Carnegie plant, not so much because of its magnitude as because of the reputation won by Carnegie's magnificent publicity campaign running over many years. The Steel Corporation could never have met public approval in paying such a price for the Hill ore properties if Hill hadn't made the public by the most skillful work, believe that they were really essential to its welfare.

And so, after all, the great fortunes of Carnegie and Hill are largely due to the advertising which made possible the capitalization of the public sentiment that they had created about their own enterprises. The creation of such public sentiment of

such widespread knowledge about any section or any business is one of its assets often more important than the natural resources of the country or the immediate direct results that follow a broad advertising campaign.

## Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of fullness, by loss of appetite and troubled sleep by sour stomach and distress after eating, by bad complexion and listlessness.

There is no safer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which has been used for twenty years. This great herb laxative compound cures indigestion, of Buffalo, La., of dyspepsia and sour stomach that he had had for forty years, or until the lucky day that he found Dr. Caldwell's Syrup Pepsin. He and Joel Adams, of Montgomery, Ala., after suffering continually for sixteen months. These are only a few of the many. But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably lifelong users of Dr. Caldwell's Syrup Pepsin, but if you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is naturally anxious to have you make a test of his remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, biliousness, dyspepsia, hemorrhoids, torpid liver, etc., which may come on a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative tonic.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

## AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pain in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. Emma Jones, 838 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at once give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

## Nervous Prostration For Three Years

"Dr. Miles' Restorative Nervine cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN,  
1214 Catherine St., Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

**Restorative Nervine**

soothes the irritated nerves, and assists the nerve cells to generate nerve force.

Dr. Miles' Nervine is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

**Tuberculosis Being Wiped Out.**

During the year that has passed since the International Congress on Tuberculosis met in Washington, one institution or organization for the treatment of tuberculosis has been established every day, Sundays and holidays excepted, according to a bulletin of the International Association for the Study and Prevention of Tuberculosis. Fifteen new beds in hospitals or sanatoria have been provided also for every day of the year.

A year ago the rate of increase was one organization or institution every other day; only one half as fast as now. Less than a year ago there were 40 consumptives for every hospital bed provided. To-day the number has been reduced to 30. Nearly 20,000 beds are now provided in institutions for the treatment of consumption as compared with 5,000 a year ago.

N. E. CALMES, EDITOR AND PUBLISHER.

Entered as second-class matter February 9th, 1907  
at the post-office at Marion, Kentucky, under the act of  
Congress of March 3rd, 1879.

ONE DOLLAR THE YEAR IN ADVANCE.

### GOOD MAN FOR STATE AUDITOR

Many of the leading, clean handed  
business men, as well as politicians,  
of the First and Second congressional  
Districts, are mentioning the name  
of James K. Waller of Morganfield  
as probably the strongest man the  
Democrats could possibly name for  
State Auditor in 1911.

Mr. Waller has at no time even  
intimated that he would seek the  
nomination, but his friends, who  
have known and admired him from  
boyhood, are sure to ask him and in  
such numbers that he can hardly  
refuse.

Mr. Waller's life is an open book.  
From his early boyhood no one ever  
heard of his doing anything that  
would bring reproach upon himself  
or his friends or the blush of shame  
upon the cheek of his fond mother.  
When but three years old he was  
deprived of a father's love and care.  
But he had a great and good mother,  
whose devotion and christian train-  
ing brought her a rich reward, for  
at the age of 14 years he joined the  
Methodist church, from which time,  
24 years ago he has lived a Chris-  
tian above reproach, obeying the  
commandments of his church and contrib-  
uting to its needs more than any one  
else.

Mr. Waller at an unusually early  
age applied himself diligently to

his studies so that at the age of 20  
he graduated from Vanderbilt with  
high honors. Launching at once  
into the great busy world by apply-  
ing himself industriously to business  
and adhering strictly to the christian  
training of his good mother, has  
climbed steadily to the top, now  
one of the wealthiest men in the  
richest county in Kentucky and for a  
number of years recognized leader in  
the financial world.

Mr. Waller is widely known  
throughout this end of the state and  
with fewer enemies than any man of  
our acquaintance. Should he be  
persuaded to make the race for the  
nomination he will make the people  
his friends as he meets them, as he  
is one of the most courteous gentle-  
men we ever met. All Mr. Waller  
will need to make friends will be to  
visit the various towns of the state.  
He is now president of the Peo-  
ples' Bank and Trust Company of  
Morganfield, which is one of the  
strongest banking institutions in this  
end of the state. He is a safe  
business man, clear-headed, accom-  
plished and with the backbone to do  
what is right, let it hurt who it may.  
He has proven one of the greatest  
benefactors to his town and Union  
county and should he be made audit-  
or of the state, the people will find  
no chance for complaint.

The big ditch known as the Quirey  
ditch, extending from the mouth of  
Eagle creek to the Cox bridge above  
Sturgis, a distance of twelve miles,  
established at a cost of a little less  
than \$30,000, has been deemed in-  
capacitated to handle the volume of  
water in flood time and after due  
deliberation on the part of the land  
owners, the ditch will be widened,  
deepened and lengthened, at an  
additional expense of a little less  
than \$60,000. It is claimed the  
damage to the crops from overflows  
the past season along its course would  
easily have paid this additional as-  
sessment. There are some who feel  
to have been unduly taxed, and it is  
likely they have been, but everything  
will be righted and all will move off  
smoothly. This ditch has already  
made a wonderful revenue for Union  
county, but not the half it will make.  
The new ditch will be made thirty  
feet wide and many times deeper  
than the present one. There are  
more than one hundred land-owners  
along its route.

### Big Turnip.

G. W. Arfack, the turnip man,  
brought to our office yesterday a  
specimen of his crop. The turnip  
measured 12 inches in length and 15  
inches in circumference. It was of  
the seven-top variety and it was  
estimated by the PRESS force that,  
if properly cooked with a supply of  
bacon, salt, etc., it would make a  
square meal for a family of seven  
turnip-hungry people.

### Revival Meeting at Fredonia.

Rev. Oakley assisted Rev. J. L.  
Price, of Providence, in a revival  
meeting at Fredonia, beginning the  
8th and closing the 16th. There

were 40 professions and 17 additions  
to the Cumberland Presbyterian  
church. Others will join later on.  
No people ever treated us nicer than  
did the people of Fredonia. We had  
the hearty co-operation of so many  
of the christian people. May God's  
blessings be upon these good people.  
W. T. Oakley.

Association will be held at Crayne

### FORCED INTO EXILE.

Washington, Nov. 15.—Thursday November 25, was today officially proclaimed by President Taft as Thanksgiving day. The President's proclamation was issued, as usual, from the State Department, where it received the seal of the United States.

The following is the text of the proclamation:

"By the President of the United States of America:

"A proclamation:

"The season of the year has returned when, in accordance with the reverent custom established by our forefathers, the people of the United States are wont to give their

usual places of worship on a day of thanksgiving appointed by the civil magistrate to return thanks to God for the great mercies and benefits which they have enjoyed.

"During this past year we have been highly blest. No great calamities or flood or tempest or epidemic have befallen us. We have lived in quietness, undisturbed by war or rumors of wars.

"Therefore, I hereby appoint Thursday, the 25th day of November, as a day of general thanksgiving and I call upon the people on that day, laying aside their usual vacation, to repair to their churches and unite in appropriate services of praise to almighty God.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

#### The Card Party.

"Hello, Billy, where are you a game?"  
"To the party."  
"What kind of a party, Billy?"  
"A card party. I believe the girls call it a progressive party."  
"What do they do, Billy?"  
"They play cards and uker."  
"How long do you stay, Billy?"  
"Purely nearly all night."  
"Do you like it?"  
"You bet. There's lots of fun."  
"How do they have fun, Billy?"  
"Well, you see, they cheat."  
"How do they cheat?"  
"Well, sometimes they get more cards than they are allowed, and the girls will stick the cards under the table and the boys try to do just like the girls, and it tickles me nearly to death. I'd go every night if there were more nights."  
"Say, Billy, ain't you afraid the Bad Man will get you?"  
"No, sir, he likes it too well himself to let us quit. The girls say it's a fine game and lift and the boys say the girls know the cards and when the boys live their cigarettes the girls won't leave 'em. Sometimes we play 'possum hunting. We get in a wagon and make the possums fly and when the possums is all scared in their holes, then we take lunch and go home and eat 'possum all night."

#### "A Friend" Ails Bro. Smart's Theological Teachings.

Some men are naturally "Smart." They are not responsible for their "Smartness"—they were born that way. Their fathers before them were no doubt "Smart." Some of them, of course, may be a little bit "Smarter" than others. However, that may be one of the "Smartest" of that prodigy has worked himself into the columns of a recent issue of the PRESS and by various "Smart" tactics undertakes to prove the soundness of his theological views. He signs it up, "M. C. Smart." "M. C.", according to the dictionary, means Member of Congress.

Bro. Smart undertakes to teach that apostasy is the one doctrine taught in the Bible. There are, it is said, in the city of New York 37,000 women who are supporting their husbands—worthless fellows, no good to themselves, their families, their country or to God. These, it is reasonable to presume, are disciples of John Wesley who have fallen from grace. Unlike Jonathan's gourd vine they have not withered under God's word but from a false understanding as to what the Bible teaches, they have lost confidence in everything pertaining to this world or the world to come.

Now, is it possible that God, who was able to speak this world into existence, is such a poor old fellow that he is compelled to make five or six trials before he can save a man's soul? It is true the Bible contains scripture in the way of warnings, but are these warnings placed in the Bible to teach that a Christian may lose his religion and be lost? We deny it. There are in the church three classes of members, the true Christian, the self-deceived and the hypocrite. Now if the Bible failed to contain matter adapted to the wants and necessities of these three classes, it would fail to meet the wants of the church. It must have encouragements, admonitions and threatenings, else the christian could not be developed, the self-deceived could not be awakened, nor the hypocrite aroused. These warnings, etc., must be general, so as to give each class needful help. In Kentucky we have citizens of different kinds, just as we have in the church. We have members of different classes but the enactments of our civil code are general. Must be so. The warnings and threatenings are addressed to all citizens alike telling the penalties for theft, for house burning, etc. They say to the honest man, if you steal you will be punished and to the upright citizen if you turn your neighbor's

#### ELECTRIC BITTERS

house you still be put in the penitentiary. Now what could be the answer of these men? Certainly, they they would admit that the laws are just and good. But can we say these laws were enacted for this class of men? Not at all. Bro. Smart might say that men commit crimes and sin. If you mean spiritually good men I deny it. Men who do such things have a flaw somewhere and are not good. They have failed to get to get a good weld and, as a piece of iron when put in the fire, they pull apart, break. When a man is welded into Christ and Christ into him, the gates of hell, the devil and the Methodist preachers—can not pull them apart.

The Bible is the ally of all progressive assertions that truly regenerated soul will be saved. "If you have doubts, turn to John 4:13-14, 5:24, 1 Cor. 10:13, 1 John 10:11, Romans 8:35, 39, a hundred more are necessary. We have positive proof from the Bible that many of the righteous are in heaven, and many who have been partially sold out as they believe or want to believe, are in hell. But no man can say on the authority of the Bible that a truly regenerated person ever went to hell."

I have written this article, Bro. Smart, trusting your tears may be turned to joy and the whole Christian community to have the truth between us and God's word.

A FRIEND, Blackford, Ky.

#### Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

#### Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

#### Quaker Oats

In an article published in the Youth's Companion of September 23rd, 1909, Dr. Browne, the great medical authority on foods, says, about brain and muscle building—

"There is one kind of food that seems to me of marked value as a food to the brain and to the whole body throughout childhood and adulthood (youth), and that is oatmeal."

"Oats are the most nutritious of all the cereals, being rich in fats, organic phosphorus and lecithins."

He says oatmeal is ground round with the well-to-do of Great Britain. He speaks of it as the mainstay of the Scottish laborer's diet and says it produces a big-boned, well-developed, mentally energetic race. The experiments prove that good oatmeal such as Quaker is not only furnishes the best food for the human being, but it strengthens and enlarges the thyroid gland—this gland is intimately connected with the nourishing processes of the body.

In conclusion he says— "It seems probable therefore that the thick and brownness of the Northerners (meaning the Scotch) has been in some measure due to the stimulation of the thyroid gland by oatmeal porridge in childhood."

The Scotch eat Quaker Oats because it is the best of all oat-meals.

## A Rough Skin.

not only lacks beauty, but indicates poor skin health. Also it is uncomfortable. Whether you are a man or woman, whether you care for beauty or comfort, you certainly want to get rid of that skin roughness. Particularly as a rough skin is ripe cases out of ten the forerunner of Eczema, or some other form of a serious skin disease. It is your duty to yourself to get rid of it. Gentlemen: I have used your Liquid Sulphur for Eczema and Prickly Heat and it is with pleasure that I recommend it to suffering humanity, having a severe case of Eczema and after trying various remedies I was not cured, but after the first application of your Liquid Sulphur I experienced the greatest relief and am now well; and in the mean time, I used it for Prickly Heat and after one application it absolutely cured me. I can conscientiously recommend your remedies. Very truly,
